REQUEST FOR REFUND

Mail Stop Refund Request
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

It is respectfully requested that the \$130 charged to our Deposit Account 03-3975, Order No. 61069/306520 be returned to our Deposit Account for the following reasons.

On February 27, 2004 the Patent Office erroneously issued a Notice to File Missing Parts (copy enclosed) indicating that the Declaration had not been filed on October 27, 2003 and that a Declaration and a surcharge of \$130 was due.

On March 4, 2004, Applicants' representatives filed a Response to Notice to File Missing Parts (copy enclosed with the then filed supporting documents) demonstrating that the Declaration had indeed been filed on October 27, 2003 and that neither the Declaration nor the \$130 was due and owing.

Our Deposit Account Statement (copy of the pertinent page enclosed and item highlighted) subsequently shows that the \$130 was erroneously charged anyway. In addition the original filing receipt (copy enclosed) indicates that the proper amount of \$770 was received with the original filing on October 27, 2003. The updated filing receipt (copy enclosed) from the Patent Office which was generated after the receipt of the Response to file Missing Parts indicates that the updated, erroneous fee received is \$900.

Attorney Docket: 061069-0306520
Client Reference: SPO-2558

STATUS AND DEBT
BRANCH

It is therefore respectfully requested that the amount of (\$130) be returned to our Deposit Account 03-3975 under Order No. 61069/306520 and that a further "updated" filing receipt be generated reflecting the proper filing fee received as \$770.

Respectfully submitted,

LICENSE FOR FOREIGN FILING UNDER
Title 35, United States Code, Section 184
Title 37, Code of Federal Regulations, 5.11 & 5.15

GRANTED

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

NOT GRANTED

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
